TERMS AND CONDITIONS

This identification report is given subject to the terms and conditions hereinafter set forth.

The item(s) described in this report has been examined in the laboratory of International Gemological Information (I.G.I.). I.G.I. makes no warranty or representation regarding this report. This report contains a description of the articles(s) based upon the application of generally accepted grading techniques used at the time of the examination.

Description(s) provided in this report may vary depending on the method of grading and the qualifications of the employee(s) and/or agent(s) of I.G.I.

In making this report, we do not agree to purchase or replace the article.

Where an identification report is based not only on the item(s), but also on data or documentation supplied therewith, this report shall so state by making reference thereto and, where appropriate, attaching copies hereto.

Any accompanying reports, certificates or hallmarks are accepted as factual and are treated as such, with the understanding that we do not guarantee or warranty their accuracy. Weights and measurements are approximate as grading allows.

I.G.I. shall in no way be responsible or liable with respect to this report.

I.G.I. and its employees represent that with respect to the appraisal report and or identification report issued we acted in a completely independent manner. We further represent that no principal or employee of I.G.I. has or had any direct financial or material indirect financial interest in the submittee or the gems and or jewelry submitted for valuation and or evaluation, or in any of the submittes affiliates or in any of the affiliates acts. I.G.I.'s fees are not contingent on the values derived. The appraisal report and or identification report is to be used and interpreted in its entirety.
